CALIFORNIA STORM SWEEP

SAN FRANCISCO, Calif., Jan. 20.—The severest rainstorm which has visited this Coast in seven years, accompanied by a terrific gale, broke upon this city tonight, cutting off wire communications for several hours. Torrential rains are falling over the central and northern parts of the State, and washouts are probable. Trains are greatly delayed, and by Friday may be stalled in the Sacramento valley.

SACRAMENTO, Calif., Jan. 20.—Car service here has been suspended for several hours because of the storm.

RECALL LOS ANGELES' MAYOR

LOS ANGELES, Calif., Jan. 20.—A mass meeting held tonight voted to recall Mayor Harper for misconduct in office. He is charged with protecting vice.

The referendum and recall is in operation in California and the latter power was used about two years ago in an effort, which proved abortive, to displace Mayor Waterhouse of Pasadena.

IT WAS AN ERUPTION

MANILA, P. I., Jan. 20.—News of the eruption of Mt. Lagnas is confirmed. The activity of the volcano released the waters of a mountain lake.

ARMY, NAVY AND MARINE CORPS

Delay on the part of naval officials at Washington in forwarding information relative to the tenders for rails and rolling stock needed for the construction and operation of the naval railroad on the Pearl Harbor reservation has tied up all work on the line. The ties, which were contracted for months ago, are already on the ground, but everything is at a standstill.

The bids were opened on December 8, but whether they were all rejected, or whether a contract has been signed, is not known here. In case the bids were rejected, the construction of the road may be delayed indefinitely.

It is possible that the work of grading and ballasting the roadway may be commenced at once. If this work were done, it would be a comparatively simple matter to lay the rails when once they are deposited on the ground.

TEMPORARY STATION MAY BE BUILT AT PEARL HARBOR

It is now thought possible that temporary executive offices may be erected at Pearl Harbor, prior to the commencing of work on the permanent station.

Bids for the big drydock will be opened on February 13. The awarding of the contract, in conjunction with the dredging contract already let to the Hawaiian Dredging Company, will mean the agreement of Uncle Sam to expend about \$7,000,000, immediately, in the equipment of a navy yard at Pearl Harbor.

It is understood that some minor changes have been made in the plans and specifications, as originally announced, but just what these changes may be is not known. It is not believed that they will result in any reduction in the size of the drydock, however.

Government authorities have been notified of a 20 per cent rise in the price of fresh meats here. This means that the meat bills of Uncle Sam will jump up 20 per cent, with further skyward movement not improbable.

Fresh beef, at wholesale, has gone up to 12 1/2 cents on Maui, and at that it is said that there is not enough to supply the home demand. The sudden increase in the garrison here has resulted in an increased demand for fresh meats of more than proportionate size, the fresh meat consumption of a military post being considerably larger than that among an equal number of civilians.

The reviewer Buffalo has not been affected by the increase in the price of meat, as she has ample in cold storage to last officers and men for a month at least. She will take on board no fresh meat here. Her cold storage facilities are of the best and her capacity is large.

Just what the width of the Pearl Harbor ship channel will be is a matter that no one will be able to answer until after March 4. The Hawaiian Dredging Company has been instructed to begin operations within the limits of a 300-foot channel. It is not considered at all likely that the channel will be as narrow as that, however.

The original plan was to have a channel 100 feet in width at the narrowest place. The idea of a 600-foot channel was of later inception. Should Congress make a large enough appropriation, the channel will be 600 feet wide, should the appropriation be inadequate to accomplish that, it is believed.

Owner of an old mercantile house wishes to associate himself with a business man who is willing to take an active part and put \$5000 into the business to enlarge it. Absolutely safe. Legitimate returns assured. Bank and commercial references. For particulars apply

FIFTY-THREE KILLED

CHICAGO, Ill., Jan. 20.—Fifty-three men are dead from the results of an explosion in the crib of the new water tunnel connecting Chicago with the lake.

JAPAN IS AT PEACE

TOKIO, Japan, Jan. 20.—Premier Katsura opened the Diet today with a speech in which he referred to the cordial foreign relations of the empire.

FAVOR WOMAN'S SUFFRAGE

SACRAMENTO, Calif., Jan. 20.—The Constitutional Committee of the Senate has reported in favor of a woman's suffrage amendment.

Heved that it may be cut down to 400 feet, but not less.

The Bureau of Equipment at the Naval Station is now located in its new home. The offices are opposite those occupied by Lieutenant Commander Sanford E. Moses, the captain of the yard. They are roomy and light, and admirably adapted to the requirements of the bureau.

The Marine Corps company, formerly commanded by Captain William J. Fay, has ceased to exist as a unit. The men have been distributed among the four companies brought over here on the Buffalo. The average strength of each of the four companies is now about 127 men.

The officers and men of the marine garrison here are not paid through the Naval Station authorities. Their pay comes from a separate fund, disbursed by the Marine Corps paymaster at California, whose headquarters are at Berkeley.

Tyson Says Six Months

The medical term for "kidney trouble" is Nephritis. Medical works agree that it is curable during the acute or first stage and that it is incurable in the second or chronic stage. One of the latest authorities, James Tyson, M. D., Prof. of Medicine in the University of Pennsylvania, says in his late work, page 121, that the changes have been observed as early as the tenth week and are probably established in all cases by the sixth month.

The name Nephritis means inflammation of the kidneys and the books having nothing for it physicians have been helpless (the deaths have grown to 170 daily), and Prof. Tyson plainly says: Page 124 as to curative measures to restore the kidney to its normal condition. "I BELIEVE THERE ARE NONE."

The inevitable logic of this situation is that as Fulton's Renal Compound is the only thing known that reduces inflammation of the kidneys after it has become chronic, it is the only thing in the world that people can look to for recovery who have had kidney trouble longer than six months.

(Note—In fact, it is the only thing that acts directly on kidney inflammation at any stage, first or last. But it naturally reduces it more quickly before than after it becomes chronic.)

GHOST FOLLOWS

(Continued from Page 1)
feature about the thing was the fact that the manifestation took place only when the head of the house was awake. As soon as he went to sleep it would cease.

This racket took place almost every night, and to escape it the Poyas moved to another house at Wai-hahulu. The ghost, however, was persistent, and again the family had to move, this time choosing its abode in a house on Chun Hoon lane, makai of School street. Again the move failed to influence the ghost; the dog and the stones came along with unfailing regularity, and finally the poor, haunted Portuguese took refuge with the police.

Last Tuesday night Chief of Detectives Kalakiele and his staff went to the scene. As they approached they heard a shower of stones striking the roof and walls of the house, but when they arrived everything became quiet as the grave. All that night and the greater part of last night Kalakiele and his band kept faithful watch, but neither ghost, dog nor stones made their appearance.

LINCOLN DAY (Continued from Page 1)

tor and the appropriate speaker for the occasion, he having served under Lincoln when as President he was commander-in-chief of the Army and Navy, and had a most honorable and notable record in upholding the honor of the Nation. It is hoped also that the Governor will make an address.

The Lincoln Day celebration will be very interesting and elaborate.
